## What is it?

ALPFA (Association of Latino Professionals For America) has more than 95,000+ professional and student members across the country. In addition to networking and professional leadership development opportunities, members have access to paid summer internships through hundreds of Fortune 1000 corporate partners.

## How does it help you?

ALPFA has many opportunities for you to network with professionals, learn about a variety of companies, and connect with recruiters. With 400+ events nationwide that includes ALPFA's National Convention, Regional Student Symposiums and Most Powerful Latinas, there is always an opportunity to make the right connections! You do not have to be Latino to join.

“ALPFA helped me develop skills that I did not now I was capable of. The organization opened the doors to many opportunities where I could grow professionally. Being part of the ALPFA family, I was able to polish my resume, practice for interviews, improve my public speaking skills, and network with high-ranking professionals. ALPFA helped me grow and become the great professional I am today.”
